

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a perfect example of the breach of democracy.

But go ahead and do it, for you will see it backfire...I've heard countless people say they've changed their minds about voting for "W" because of his campaign's contemptuous slander against the democrats. No one, not even people who get hooked by his emotional rhetoric, support this attitude of immature desperation.

"W's" true colors are showing through. Too bad you've jumped on the wrong bandwagon, all for...

...intimidation, ignorance & greed. Is this what America stands for?
